Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Martin Birenbaum	Not stated (goal: \$500K–\$1M)	Solo (0 staff)	3 — Solo Practitioner	15% (default)	Palmetto Bay, FL

Dominant Buying Motive: FREEDOM

Martin wants a firm that runs itself so he can stop being the "Chief Everything Officer" and get his time back.

"Chief Everything Officer"

"\$1k/mo AI vs. \$50k/yr salary"

What he wants:

- **A firm that runs itself.** AI handles busywork so he can step back.
- **To avoid becoming a boss.** Resistant to hiring; compares AI cost to salary cost.
- **A real estate planning brand.** Separate from his old business-law identity.

What is stopping him:

- **Zero public presence.** No GBP, no reviews, no website content.
- **No process behind the workload.** ~100 daily emails, handled ad hoc.
- **No revenue baseline.** Only a goal is stated, not a current figure.
- **Disqualified from AI today.** LAW requires 1–2 staff; he has zero.

Why Not AI or Marketing Yet

What it does for him:

- Confirms AI Workforce Pro is the right eventual fit — just not usable yet.
- Keeps this proposal honest, instead of pitching marketing he didn't ask for.
- Sets the milestones that unlock AI and marketing on the scheduled follow-up call.

AI Workforce Pro — not eligible today | Phase 2, once staffed

- LAW rule: solo firms with zero support staff aren't eligible, regardless of call topic.
- Revenue not confirmed at the \$500K floor LAW requires — only a goal was stated.
- Transcript says "\$350/mo"; approved price is \$1,597/mo bundled — reconcile with Martin.
- No marketing included either — not requested this call; deferred to Phase 3.

Why This Coaching Package

What it does for him:

- Builds the revenue and case-value baseline he needs to track \$500k–\$1M.
- Creates a real staffing plan so his first hire is a choice, not a scramble.
- Gets him to the milestones that unlock the AI and marketing plan already on the calendar.

Elite Coach | \$2,600/mo bundled

- Revenue not confirmed — selected over Elite Coach Plus as the conservative fit.
- Clears the \$2,497/mo minimum MRR floor.
- No marketing bundled — none was requested and none is being forced.
- Stand-alone \$3,497/mo vs. \$2,600/mo bundled — saves \$897/mo.

Why No Ad Spend Yet

What it does for him:

- Keeps this proposal free of a marketing spend he never asked for.
- Previews what Phase 3 looks like once a revenue baseline is confirmed.

Phase 3 Preview (not part of this proposal):

- **Conservative:** \$10,200/mo — sum of estate planning channel minimums.
- **Aggressive:** \$16,500/mo — 20% rule vs. the \$500k-\$1M goal, Miami Tier 2.

Estimated ROI (Phase 3 preview):

- **Conservative:** 17 cases x \$2,250 = \$38,250/mo vs. \$10.2K spend = 3.7x.
- **Aggressive:** 27 cases x \$2,250 = \$60,750/mo vs. \$16.5K spend = 3.7x.

Estimates only. Not billed as part of this proposal.

How the range was calculated:

- Conservative: PPC \$3,500 + LSA \$2,000 + Meta retargeting \$1,200 + lead gen \$3,500.
- Aggressive: \$750K midpoint x 20% ÷ 12 x Miami Tier 2 (1.3x) ≈ \$16,500.

If He Pushes Back

"I thought this call was about the \$350/mo AI tool."

That price doesn't match our table (\$1,597/mo bundled) — and as a solo practice, he doesn't yet qualify. Elite Coach is the fastest path to becoming eligible.

"Why coaching and not the AI tool I asked about?"

AI Workforce Pro needs 1-2 staff to implement. Elite Coach builds the baseline and hiring plan that gets him there, then AI comes in Phase 2.

"I don't want to hire anyone."

Elite Coach doesn't force a hire — it helps him decide when one makes sense, using his own cost-vs-value lens.

"Why isn't marketing part of this?"

Marketing wasn't this call's subject — Martin scheduled a follow-up to cover AI, coaching, and marketing together.
