Prospect Snapshot

Owner	Revenue	Team	Stage	Close Rate	Location
Not named — Fred G. (Marketing)	Not stated; inferred \$3M+	45 / 6 offices	Stage 4	Immig. 5% / FPP 15%*	Miami, FL (6 FL offices)

Dominant Buying Motive: SCALE & DOMINATE (inferred)

Hit 50 Immigration + 20 FPP signed clients/mo by professionalizing marketing and fixing intake.

"open to outsourcing for better results"

"dropped calls are hurting LSA performance"

What he wants:

- **Hit the volume goals.** 50 Immigration + 20 FPP signed clients every month.
- **Professionalize marketing.** Replace the one-person, in-house setup.
- **Stop losing paid leads.** Fix the intake process costing conversions today.

What is stopping him:

- **Dropped calls.** Actively hurting Local Service Ads performance right now.
- **Low Immigration close rate.** 5% conversion means ~1,000 leads/mo needed.
- **No financial visibility.** Only Immigration has channel-level CPA data.
- **Budget gap.** ~\$40K/mo discussed is well below the ~\$132.8K/mo needed.

Why This Marketing Package

What it does for him:

- Rebuilds First-Party Property's declined lead volume across all 6 offices.
- Gives Immigration the scale needed to reach 50 signed clients a month.

Full Service Marketing Platinum | \$15,997/mo bundled

- 6 offices + 2 practice areas make Essentials/Starter ineligible on scope alone.
- Reverse math needs ~\$132.8K/mo ad spend, over Dominate's \$100K cap — Platinum (\$150K cap) required.
- Revenue not stated; Platinum eligibility inferred from firm scale — CONFIRM REVENUE before the call.

Why This Coaching Package

What it does for him:

- Builds the ops/accountability layer missing between Fred G. and 45 employees.
- Gives real financial visibility into FPP's economics, which don't exist today.

Master's Circle + FCOO Director | \$8,394/mo bundled

- 45 employees + a dedicated marketing staffer (Fred G.) qualify the firm for Master's Circle.
- FCOO Director chosen over Partner — Partner has no stand-alone price in the approved tables.
- Profit pillar is RED; Team pillar is AMBER — one person runs marketing across 6 offices.

Why This Ad Spend

What it does for him:

- Turns the ad budget already being discussed into the case volume the firm told us it wants.

Recommended Ad Spend Range:

- **Conservative:** \$23,900/mo — minimum viable spend across PPC, LSA, and Meta.
- **Aggressive:** \$132,800/mo — full spend to hit the 50 Immigration + 20 FPP goals.

Estimated Return on Investment:

- **Conservative:** 10 cases = \$55.0K/mo vs. \$23.9K spend = 2.3x return.
- **Aggressive:** 70 cases = \$355.0K/mo vs. \$132.8K spend = 2.7x return.

All figures are estimates. Not guaranteed.

How the range was calculated:

- **Conservative:** channel minimums, FPP analog + Immigration = \$14,700 + \$9,200 = \$23,900.
- **Aggressive:** reverse math from stated goals (50 Immig @ 5%/\$82 CPL + 20 FPP @ 15%/\$381 CPL) = \$132,800. No dollar revenue goal was stated, so the 20% rule could not be run.
- Aggressive total spend (\$157.2K/mo incl. fees) needs ~\$5.39M/yr revenue to clear the 35% cap. CONFIRM REVENUE.

If She Pushes Back

"We already run ads in-house — why pay for marketing management?"

Fred G. runs 2 practice areas alone across 6 offices, and the firm's own goals need ~4x today's discussed ad spend — that scale needs a team, not one person.

"That's a lot to add on top of what we already spend."

The firm is already discussing a \$40K/mo ad spend increase — the \$24,391/mo fee adds a full accountable team on top of a decision already being made.

"Our leads have been fine — Immigration alone had 187 leads last month."

At a 5% close rate that's ~9 signed clients — hitting 50/mo needs ~1,000 leads; the gap is intake and conversion, not just volume.

"We don't know our exact revenue number offhand."

That's why Profit is rated RED — this proposal uses an inferred \$3M+ scale; confirming revenue on the call lets us finalize the aggressive ad-spend figure.
